Now let's get into the video.

1) Salar de Uyuni bolivia

Bolivia's Salar de Uyuni is considered one of the most magnificent vista on earth. It is the considered to be largest salt falt on the earth.

It is stretched more than 4,050 square miles of the Altiplano. The thick crust of salt extends to the horizon making the transpent mirror right beneath your feet, ,covered by quilted, polygonal patterns of salt rising from the ground.

The place is dreamland for many photogtapehers. The vastness of the land spreading across to make the illusonary beauty is must sight to see. Definitely add Salar de Uyuni to your travel bucket list.

2)Grand Canyon national park, USA

Established in 1919 Grand Canyon National park is , magnificent and inarguably beautiful place to visit. The Grand Canyon is easily Arizona's most remarkable landmark.

It Stretches about 277 miles from end to end, its rocky walls descend more than a mile to the canyon's floor, where the wild Colorado River traces a swift course southwest.

Stargazing in Grand Canyon is one of the most special expiernce to have. You will absolutely get lost in the beauty and the vastness of the Grand Canyon.

3) Great Barrier Reef, Australia

The only living thing on Earth that can be seen from the outer space is the Great Barrier Reef. Located in northeastern Australia off the coast of Queensland, it is 2,300-km-long complex ecosystem comprises more than 3,000 individual reef systems, coral cays, and hundreds of islands, big and small, with sparkling white sandy beaches.

While immensely beautiful on the surface, the actual beauty of the reef is underwater, where there is a living world consisting of more than 600 types of soft and hard coral, creating a colorful and stunning home to infinte species. The passionate divers can enjoy activities like snorkeling, in a glass-bottomed boat, sailing, from semi-submersibles, and just by plain swimming.

4) Milford sound New Zealand

Located within Fiordland National Park lies Milford Sound in New Zealand. It is the most magnificent natural attraction. With its fascinating combination of mountain peaks, ink-dark waters and amazing forest-clad cliffs, it is difficult to believe that it's real. 1692m high mountainous fjord gives the dramatic effect to all kind of fantasies.

Visitors around the world come to witness this staggering beauty of waterfall, marvelous landscape and the it's ecosystem.

If you want deeply fall in love with nature must visit milford sound.

5) Plitvice lake, Croatia

Plitvice Lakes in Croatia is a series of 16 lakes also including little rivers and waterfalls that run over a few levels in one of Croatia's oldest and largest national parks.

The vibrant blue color of the lakes and rivers makes it even more attractive and appealing to see and enjoy. The ecosystem is diverse and flourished. Plitvice Lakes is the oldest national park – and only UNESCO World Heritage site – in Croatia, and was officially established in 1949.

If your planning on to visit Croatia so add plitvice lake to your result.

6) CAPPADOCIA, TURKEY

Cappadocia in turkey is the perfect example of just how unique and beautiful nature is. It possess a fancy looking landscape resembling to the heaven on earth.

This remarkable landscape is simply magnificent on its own. The another fascinating thing is the countless hot-air balloons that cover up the sky with shades of red, yellow, blue and cream makes it a marvelous site to watch. The Goreme Open Air Museum and its rock-cut churches and the subterranean wonders of Kaymakli are among the best things to see in Cappadocia.

7) Taj Mahal, India

Included in one of the 7 wonders of the world Taj Mahal mausoleum complex made of ivory marble is located on the southern bank of Yamuna in the Agra city of India. It was constructed by the Mughal emperor Shah Jahan in the year 1632 the tomb house was built in loving memory of his late wife Mumtaz Mahal.

Taj Mahal is considered one of the greatest architectural achievement of its time. The monument is surrounded by quadripartite garden. Inside the tomb, octagonal tomb chamber in the centre, encompassed by the portal halls and the four corner rooms.

It is indeed the symbol of love.

8) Santorini Greece

Santorini is cyclades islands in Aegean Sea. One of the most popular and awe struck place in santorini is the sunset near Oia Castel the combination of windmills and orange painted sky at sunset is the view at different level.

From Oia Castel point you can see the beautiful blue domes and churches perfect fit for your instagram feed. Going on the sunset cruise is one of the another experience people like to have while they are at Santorini the cruise offers dinner drinks and people also can go for snorkeling and swimming.

One of the must visit place whenever you go to Greece.

9)MACHU PICCHU, PERU

Machu picchu located in Peru was built around 1450. The hike up the hills is absolute adventure to have and the mysterious city looks most beautiful from the Inca Trail lookout point.

The massive yet refined architecture of Machu Picchu blends exceptionally well with the stunning natural environment, with which it is intricately linked.

It contributes in conserving a very rich habitat and species diversity with remarkable endemic and relict flora and fauna.

10) Moraine Lake, Canada

Moraine lake is located in the remote Valley of the Ten Peaks in the Canadian Rockies. Moraine Lake is a jewel an absolute beauty, a small, cold glacier-fed ornament surrounded by towering mountains, immense waterfalls, and ancient rock piles Which is just breath taking to see. As the glaciers melt, the water in the lake rises and changes its color.

The setting of the whole scene make it more majestic to be around and has various shades of turquoise blue of all the glaciers surrounded.
